Il semble que Jin'do ai une forte résistance aux dégats d'ombre.

Premier try

Nous sommes morts par un aggro d'un groupe du fond (comme la dernière fois).

Deuxième try

Nous aurions dû le tomber, nous l'avons descendu à 2% HP, mais dans l'euphorie du moment, un "Allez burstez le!" à déconcentré tout le monde, et plus personne ne s'est occupé des totems.

Jin'do à pus pleinnement en profiter pour se heal.

D'une manière générale, nous n'avons pas sus gérer correctement la piscine, en perdant Dwedwjy et Xapler 4 minutes avant la fin du combat.
